Subject: Transmitting Proposed Proposed Procedures for the IAC and
Its Standing Committee - Proposed DCI 1/1

1. The Ad Hoc Committee, established on 20 November 1947 to rewrite the Proposed National Security Council Intelligence Directives and the Proposed Director of Central Intelligence Directives to replace the former NIA and CIG Directives, has completed its task with the re-writing of DCI 2/1, now being circulated with a voting slip.

2. In view of the fact that the members of the Intelligence Advisory Board wished to have established a Standing Committee as a working group for the IAC, it is thought that the IAC members may now wish to have such a Standing Committee established without further delay.

3. In the event the need for a Standing Committee is concurred in, it is requested that representatives be named at this time in order that early consideration may be given to the proposed procedures attached hereto.

4. If there is non-concurrence in the need for a Standing Committee, it is requested a representative be named to discuss the establishment of procedures for the IAC.
